\( \mathbf{E}_0 = 1 \times \mathbf{V/m} \)

\( \sigma_0 = 1.000 \text{ mS/m} \)

\( \sigma_1 = 100.000 \text{ mS/m} \)

\( \sigma_2 = 0.010 \text{ mS/m} \)

\( \mathbf{E}_0 = 1 \times \mathbf{V/m} \)

\( \mathbf{R} = 50 \text{ m} \)

**Potential Differences**

- Blue: Left Model Response
- Red: Right Model Response
